

PROJECT «CBS SPRINGBOARD» MY EXPERIENCE AS A STUDENT

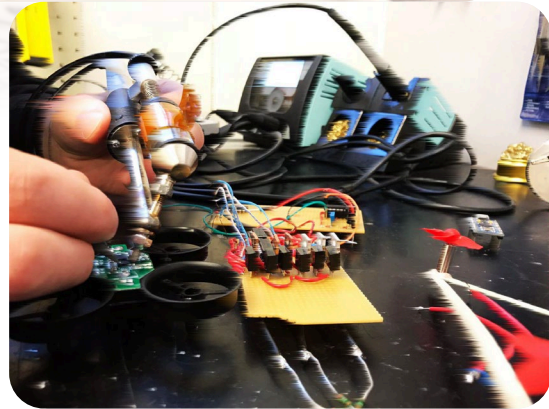

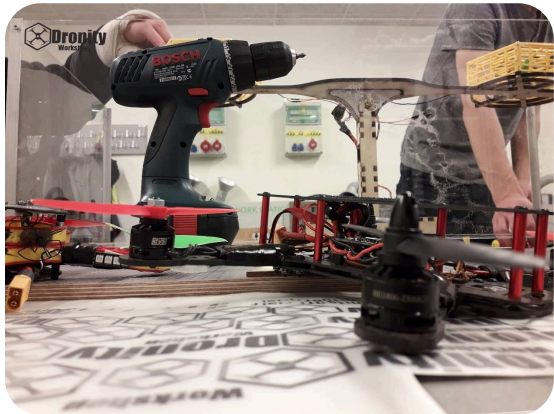

Rihards Rieka, Riga Technical University

**RIGA TECHNICAL
UNIVERSITY**

Who am I?

Electrical engineer

Project «HEI Makers»

Latvenergo creative laboratory

How did it all start?

Springboard

Springboard helps to create new successful joint and co-operating startups in Turku, Tallinn and Riga regions.

Springboard achieves its goals through coaching, mentoring, training and B2B match-making.

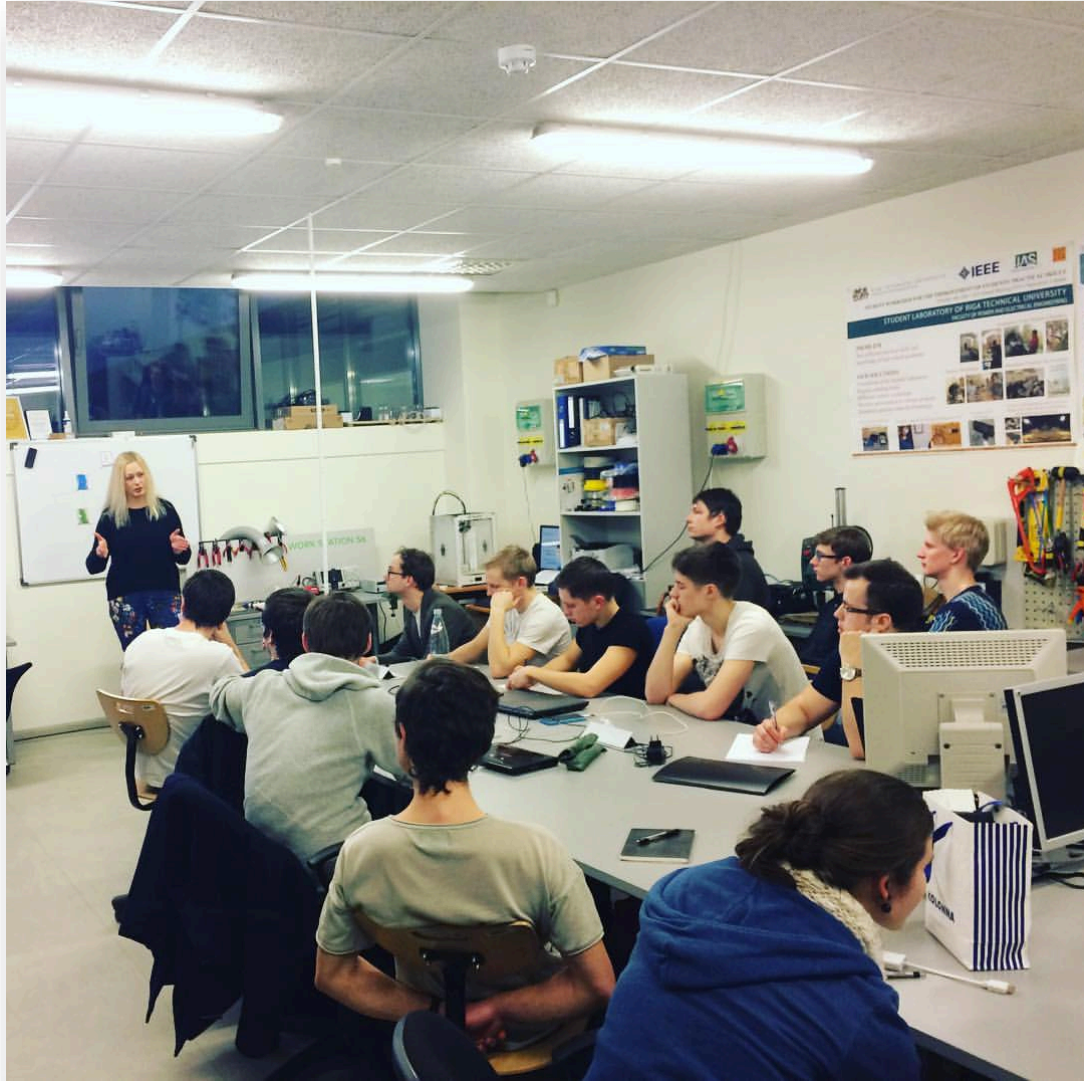

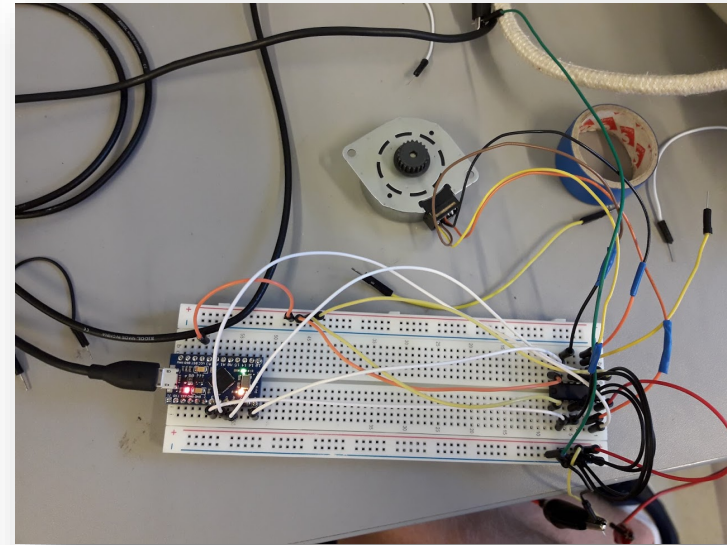

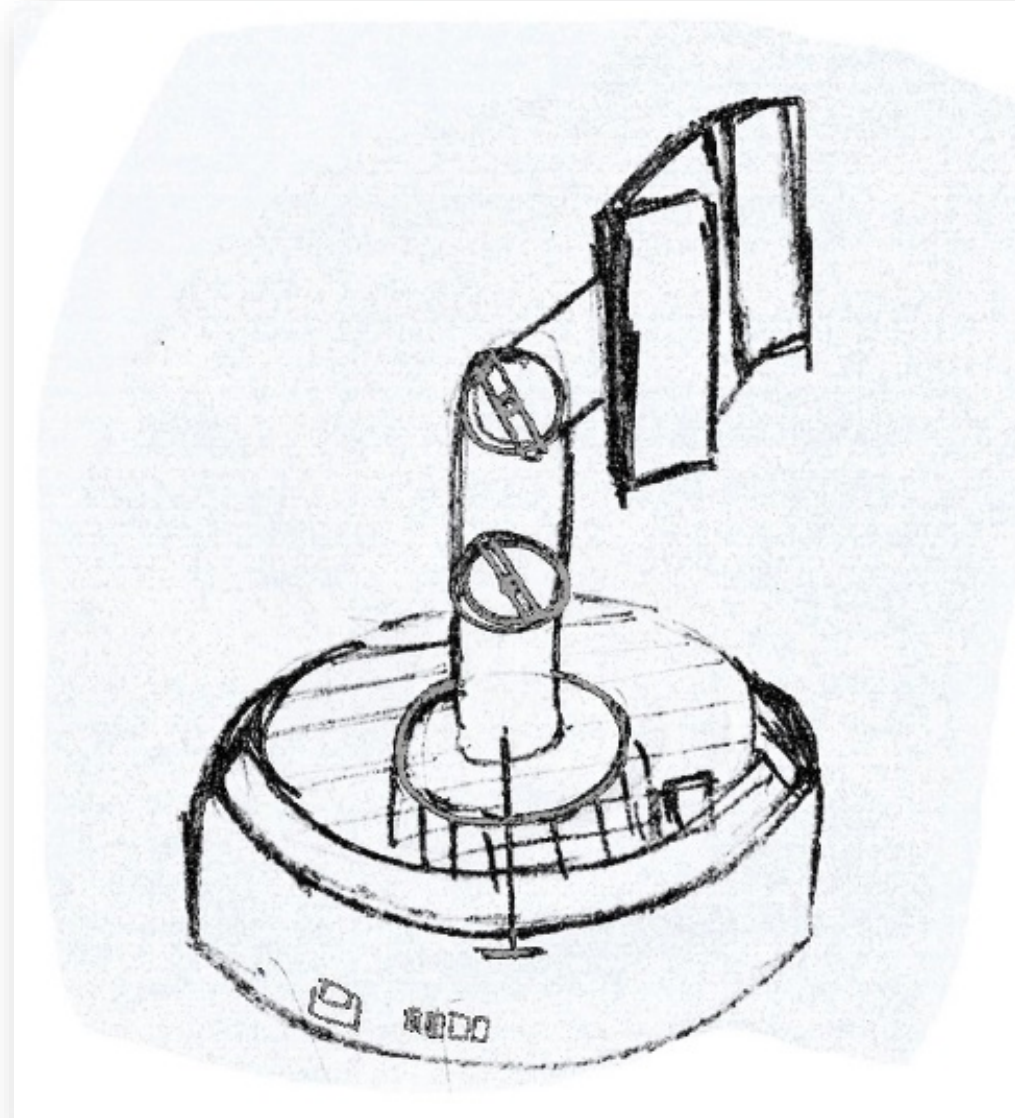

Accelerator «Kick-off»

First event, first pitch

10 week accelerator

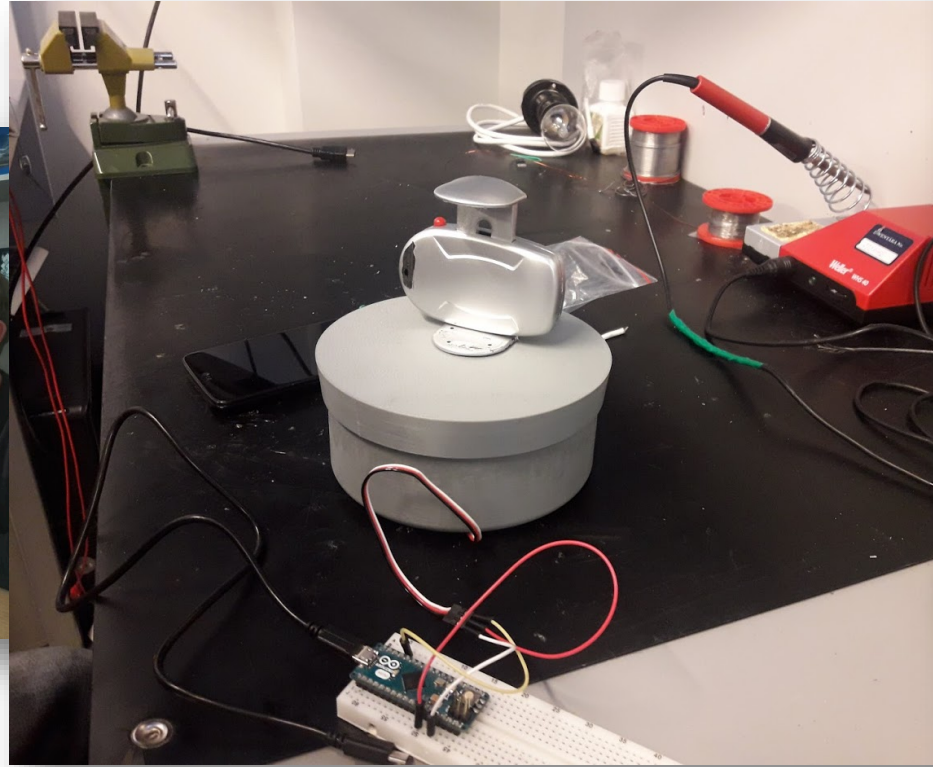

Demo days

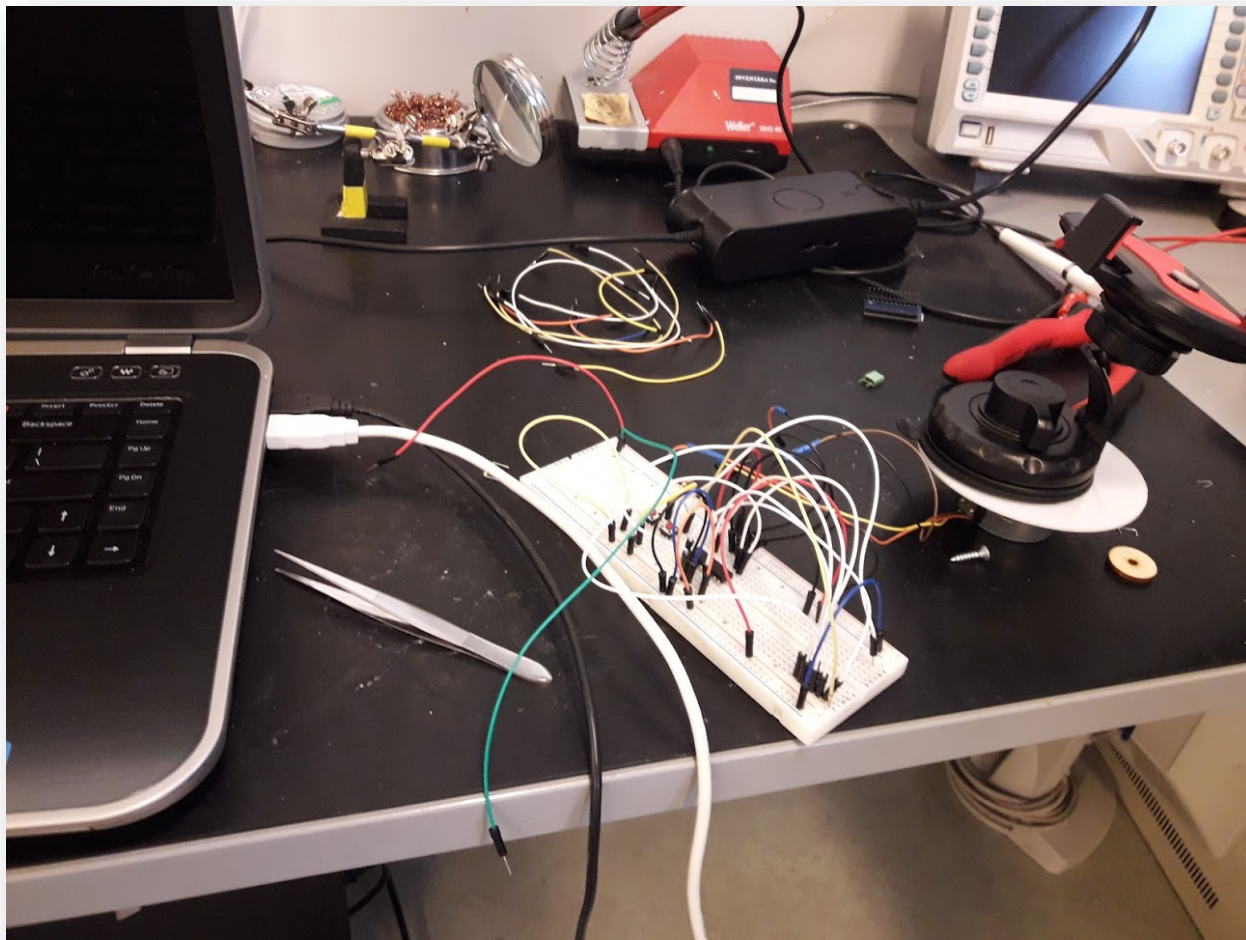

Final pitch

SHIFT

More developing...Failed.

Overall start-up program experience

- The lectures
- The events
- Networking
- The accelerator overall

Skillset

- Innovative thinking
- Planning skills
- Teambuilding and being a team-leader
- Showing initiative
- Oratory skills
- International experience

Conclusion

«CBS Springboard» was a great springboard for my personal and professional growth!
